

Impact of Great Depression

Demand for Japanese exports -> especially its main export silk -> fell drastically.

-> caused Japan's economy to fall by 20% between 1929 and 1931.

Public resentment towards the civilian government grew as a result of the impact from the great depression.

Individual Impacts of the Great Depression:

- [Impact on Farmers](#)
 - [Impact of Small Business Owners](#)
 - [Unemployment](#)
 - [Fear of Communism](#)
 - [Growing Distrust in the Government](#)
