

Consolidation of Nazi Rule in Germany

Various challenges Hitler faced when he first became chancellor:

- Socialist SPD and communist KPD ⇒ made it clear they would oppose anything Hitler tried to do.
- Hitler did not have majority of seats in Reichstag ⇒ which he needed to carry out his plans
- Von Papen ⇒ planned to control Hitler and use Nazi Party ⇒ and would even try to replace Hitler if he could.
 - Powerful Landowners and business owners supported Von Papen
- Von Schleicher and most other army commanders ⇒ did not think much of Hitler ⇒ were loyal to Hindenburg rather than Hitler.
- Most of the German People had far more loyalty and respect for Hindenburg than Hitler.
